ABOUT ME

I am a dedicated Software Engineering student with a passion for creating user-friendly designs. Currently pursuing my degree, I am eager to apply my academic knowledge to practical projects. My interest in software development and design motivates me to seek innovative solutions to complex problems. I am excited about the opportunity to contribute to impactful projects and further develop my skills in the field

TECHNICAL SKILLS

- **UI/UX Designing**
- **Graphic Design**
- **C++**
- **Java**

PROJECTS

Airport Management System:

Managment system made in C++ using concepts of Object oriented programming

DASAEH+ Medical App:

Build medical application using Flutter

Event Management Application:

Designed the user interface with a focus on all principles of human-computer interaction using Figma.

UNO Game user interface:

Designed the UNO game UI using Figma.

ACHIEVEMENTS

- 3rd Postion in UI/UX Competition at Nas'Con 24
